*Touching Lives
Everyday
...With Hope*

Hope is realized the first time a deaf child hears the sound of a parent's voice. Hope is renewed whenever a hearing-impaired adult can return to a sound-full and active life. Each time the wonder of sound is restored, we **Touch a Life With Hope.**

Newborn Hearing Screening: The Hearing Foundation established the first and only statewide newborn hearing screening program in 1999 with more than \$417,000 in Lions contributions and a matching grant from LCIF.

Hearing Aid Loaner Bank: The Hearing Foundation established the Lions Hearing Aid Loaner Bank providing free hearing aids to infants and children who are newly identified with hearing loss, while their parents and medical team implement a treatment plan.

Lions Children's Hearing Center: was created in 2005 to focus on the complex needs of deaf and hard of hearing children in MN and the Upper Midwest; uniting research, education, family support and a multidisciplinary clinic devoted to addressing all aspects of pediatric hearing loss.

Research: The MD5M Hearing Foundation is dedicated to supporting cutting-edge research into hearing loss and bringing future medical ideas to fruition by providing the space, equipment and seed money necessary to cultivate promising ideas.

The MD5M Hearing Foundation, would like to thank all of you for your past contributions and ask for your continued support of our mission to provide hope to children diagnosed with hearing loss.
