Mission STATEMENT

**Camp KAN-DO's Mission is
"To enhance and enrich the lives of
persons with disabilities in a safe and
nurturing environment."**

**We will ensure that all persons will be
recognized for their abilities and
experience camp life like all other
people.**

**At Camp KAN-DO you can kick off your shoes, have fun, and be encouraged to
increase your independence.**

Camp KAN-DO is a non-profit organization. This organization has been developed to build and operate a camp for disabled individuals. Camp KAN-DO will be designed for, and cater to people with a variety of disabilities. Our clients will come from a number of organizations such as Lions International, SMD, Riverdale Homes, Autism Societies and many others. Camp KAN-DO is a year round camp for all individuals with disabilities. There is no age or disability limitation. Our mission is to have our facility safe and fully accessible for all to come and grow more independent. By doing this we are providing more space for actual individuals to experience camp rather than having campers come with several assistants. This will allow Camp KAN-DO to host over 200 actual clients per week.
